## Veteran's Day is November 11<sup>th</sup>

For 235 years, men and women have guarded this great country. **Veterans Day** is day to honor both the living and the fallen heroes of our grand nation. Let us not forget that our homeland would not be what it is today without the courage and honor of our armed forces. On November 11<sup>th</sup>, we ask you to take a moment and appreciate all of the admirable service men and women who have continued to protect our freedoms since July 4<sup>th</sup>, 1776 and also the men and women who made that historical day possible.
